

Hello parents and teachers

Join the ripple, make a wave, make a difference

What if your children or school kids didn't have school bags, water to drink or light to study by.

We'd love to invite your kids or school students to do something to help children in Uganda who are fortunate to go to school, but have to walk long distances carrying their books, without water to quench their thirst, and when they get home late, they must study at night by candlelight.

In The Bag is a simple fundraising concept that easily involves your school students helping them to better reflect on their advantages, while raising funds that make life better for their less fortunate peers overseas.

It's quick and easy and can have a big impact both for your students and the children in Uganda.

Please take just a few minutes to watch the accompanying video, which explains how simple it is for your children or school students to make a tangible difference in the lives of others. <https://youtu.be/cFnbmeqwx8A>

The whole *In the Bag Kit* including the poster, sponsorship forms and details of how to contribute can be found here: <http://www.create-care-global.org/inthebagkit>

CreateCare Global believes that by working to make a difference in the lives of suffering children, the ripple of greater collective enlightenment swells.

Join us, make the ripple a wave and make a difference!

Thank you for your participation and contribution.

Warm regards

Sandy McDonald
CEO and Founder, CreateCare Global

PS. If you join in, please ask your children to spread the word by telling their stories, taking photos, doing a drawing or writing a poem that we can share on our social media to inspire other kids to help too.
